

## Probios® Digestive Dog Tabs Get A Packaging Facelift

With a happy canine image added to product labels, the manufacturers of Probios® Digestive Dog Tabs plan to help retailers increase pet aisle sales through enhanced shelf appeal. Probios® Digestive Dog Tabs are chewable supplements designed to help maintain a dog's microbial balance through unique sources of beneficial bacteria.

Consumer can give their pets Probios® Digestive Dog Tabs as a daily supplement, but can also provide tablets during dietary changes, digestive disorders, incidents of diarrhea, poor appetite, stress, and de-worming. The tablets are liver-flavored and contain Inulin to help beneficial bacteria grow.

Packaging choices include 45-tablet bottles and 180-tablet bottles, each in cases of six. Probios® Digestive Dog Tabs are certified by the National Animal Supplement Council (NASC) and are sold nationwide at national pet chains, grocery stores, and retail chains. Vendors who carry these tablets will receive national consumer advertising, promotions, and marketing support. Probios® Digestive Dog Tabs are manufactured in the US by BOMAC Vets Plus, Inc.

For more information on Probios® Digestive Dog Tabs and the Probios brand, please call 800-468-3877, or visit [www.probios.com](http://www.probios.com).
